

Conversation and Communion

**Tuesday Evenings 7.00pm
at St Luke's Church, Whyteleafe**

In this series we shall be using a DVD study entitled 'Everything must Change' produced and presented by Brian McLaren, an American theologian, pastor, activist and passionate advocate for a new kind of Christianity.

Each week we are invited to consider what kind of changes we as individuals need to make in order to enable the Kingdom of Heaven to become a reality in the world. But this is not only a personal challenge, the Church too needs to be transformed.

So our conversation will range from the personal to the universal.
