Letter from Revd Annie

## Psalm 138 Thanksgiving and Praise

*I give you thanks, O LORD, with my whole heart; before the gods I sing your praise;  
I bow down towards your holy temple and give thanks to your name for your steadfast love and your faithfulness;  
for you have exalted your name and your word above everything.*

*On the day I called, you answered me, you increased my strength of soul.*

*All the kings of the earth shall praise you, O LORD, for they have heard the words of your mouth.*

*They shall sing of the ways of the LORD, for great is the glory of the LORD.*

*For though the LORD is high, he regards the lowly; but the haughty he perceives from far away.*

*Though I walk in the midst of trouble, you preserve me against the wrath of my enemies;  
you stretch out your hand, and your right hand delivers me.*

*The LORD will fulfil his purpose for me; your steadfast love, O LORD, endures for ever.*

*Do not forsake the work of your hands.*

In these days of Covid 19, of seemingly endless demands on our disposable income, of energy company crashes, of more people on the breadline, of the cold winter weather setting in it may seem odd to be asked to remember to thank God for our blessings every day. But that is exactly what we must do – right now!

Back in 1988, a Polish railway worker named Jan Grzebski was hit by a train. He lived ... but only barely. For the next 19 years Grzebski was in a coma.

He awoke in 2007 to a whole new world. Nineteen years earlier, Poland was a communist state. Grzebski noted that back then meat was rationed and there were huge lines at nearly every gas station. And, "there was only tea and vinegar in the shops."

But 19 years later, he awoke to a free nation where he said there were "people on the streets with cell phones and there are so many goods in the shops it makes my head spin."

But something puzzled him. "What amazes me is all these people who walk around with their mobile phones and yet they never stop moaning." These people had freedom, and food and wealth greater than Poland had had for decades ... and yet Grzebski woke from his coma to find that ALL they seemed to want to do was grumble!

If you don't get into the habit of thanking God for what you DO have, you'll soon become ungrateful because of what you DON'T have.

Here at St Luke's we have so much in terms of potential for growth and it rests within each of us. We are a community that listens and acts. Over the time I have been here I have listened to so many of you wanting to encourage more young people and families into our church – I hesitate to call it grumbling! It can happen. Children will come. It will take a step out in faith and some positive thinking, plenty of prayer and vocal support for the changes that need to be made, the plans that we have, but it can happen. Let's not be grumblers but encouragers.

As Christmas approaches and especially during Advent, let's make a promise to ourselves to wake up each morning and thank God for something He is doing in our lives before we do anything else. Christmas is coming!! And the birth of Jesus Christ the Son of God is well worth a prayerful thank you each day...
